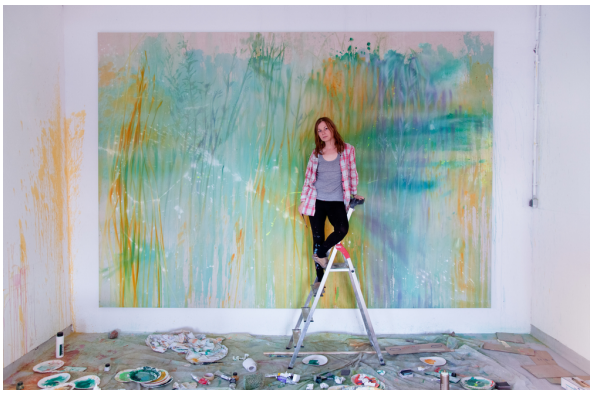
About Kata Lips



Kata takes inspiration from Japanese art. She pours oils, water and paints onto her canvases, then tilts and lifts the screens allowing the colours to flow naturally. Zen-like landscapes emerge, colours bleed and diffuse. Structural shapes are then painted by hand, creating abstract silhouettes, branches and trees.

With exhibitions across Europe, the Far East and the USA, Kata Lips is a prolific and established artist.

All designs shown here have been created exclusively for Tektura. All can be scaled up to 3m tall. Widths vary according to design, but all can be cropped, or repeated length-wise to fit a longer wall. Colours can be adjusted, and all designs are available as wallcovering, **window film** and can be printed onto our **Zintra acoustic panels**.
