TECHNICAL SPECIFICATION FABRIC-BACKED VINYL WALLCOVERING

 used when installing around right angled corners. Hanging Care should be taken during installation in order to produce optimum results Apply adhesive to wall surface. Carefully smooth wallcovering onto wall surface using a spatula, allowing 5-10cm at top and bottom for trimming. Overlap lengths, and double cut through. Run seam roller up join to ensure ever adhesion. Remove any adhesive seepage <i>immediately</i> with detergent solutior and clean water. Rinse thoroughly. Straight hang, do not reverse alternate lengths. Kabuki has 61cm vertical pattern repeat. Maintenance Fabric-backed vinyls offer an easy-clean finish, and high resistance to knocks and scrapes. They are designed to withstand high traffic levels, and will not teat easily. With regular cleaning they will retain their original appearance for many years depending on area of use. Always carry out a trial in an inconspicuous area first, to ensure cleaning agent suitable. Clean with a mild non-soapy detergent with soft cloth, sponge or soft bristle brush to prevent build up of dirt and staining. Avoid polishes and abrasive cleaning agents as they will cause build up of dirt in the surface texture, and can also damage metallic finishes. Avoid strong active solvent cleaners as they can stain and damage the vinyl surface. Always clean from the skirting level upwards. Rinse thoroughly with clean water. Individual stains should be
