Reverse hang	Straight hang	Straight hang	Straight hang	Straight hang

**Maintenance** Natural fibre wallcoverings offer a wipeable easy-clean finish with medium resistance to knocks and scrapes. With regular cleaning they will retain their original appearance for 3-5 years depending on area of use.

Always carry out a trial in an inconspicuous area first to ensure cleaning agent is suitable. Clean with a mild non-soapy detergent with soft cloth or sponge. Do not use polishes, abrasive cleaning agents, or strong active solvent cleaners as they will damage the surface. Always clean from the skirting level upwards. Rinse thoroughly with clean water (avoid over-wetting). Individual stains should be removed as quickly as possible.

**Health & Safety** This product is classified as non-hazardous and therefore does not require any special handling. This product does not require special labelling.

**Handling/Storage** Store at ambient temperatures away from heat source. Suitable lifting equipment may be required.

**Fire Fighting** Any extinguishing media are suitable. Wear self contained breathing apparatus, protective clothing and full face mask. Fumes should be ventilated immediately due to possible liberation of noxious gases.

**Ecological** This product is not bio-degradable. Dispose of in accordance with Local Authority regulations or via an authorised contractor.
