wallcovering designs exclusively for us.

Custhom specialise in traditional techniques such as silk screen print, hand foiling and embroidery. Winning Wallpaper* Best Design for 2016, Jemma and Nathan have also worked with the Design Museum, Liberty and Ligne Roset and gone on to gain the coveted Design Guild Mark in 2019.

For Tektura, Custhom have adapted their original designs to work with our digital print technology. Depending on the design, we can recolour and repeat to fit any space. We can scale up/down as needed up to the maximum size recommended. We print onto a host of different grounds and textures. All designs are offered as wallcovering, *window film*, acrylic artwork and can be printed onto our *Zintra acoustic panels*.

Find out more about Custhom, their work and products *here*. See Technical Data for further information about Tektura product options. And watch our video to see how Digital wallcovering is made and installed.
