

Tekwrite Magnetic / Write On

MRP48 magnetic / write on

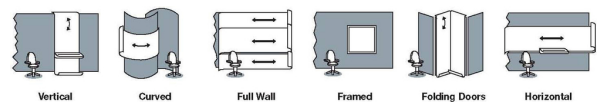

About Tekwrite Magnetic / Write On

Available in plain white

Installation is as easy as applying a standard commercial wallcovering. Tekwrite can be hung horizontally or vertically to allow for optimum writing area as required.

Trims can be adhered to the wall using double-sided tape. Position before installing the Tekwrite wallcovering. Pen Trays and End Caps can be fixed over the top of the Tekwrite using the clips provided. See Hanging Recommendations below for further information.

Maintenance

- Before using for the first time, rinse with water to remove any dust
- For writing, we recommend the use of Dry Erase marker pens for best results
- Do not use ballpoint pens or other sharp-pointed instruments on the Tekwrite surface
- For regular cleaning, we recommend the use of Dry Erase Spray Cleaner for best results, and rinse occasionally with water to maintain the surface. Use non-abrasive cleaners.
- Permanent markings may be removed with alcohol or by writing over the markings with a Dry Marker pen,

then wiping clean

- Marker Pens, Spray Cleaner, Microfibre Towels, Erasers and Magnets are available from Tektura
- Trims and Pen Trays are also available from Tektura
- See Data Download below for further information
