About Zintra Acoustic Solutions

zintra®

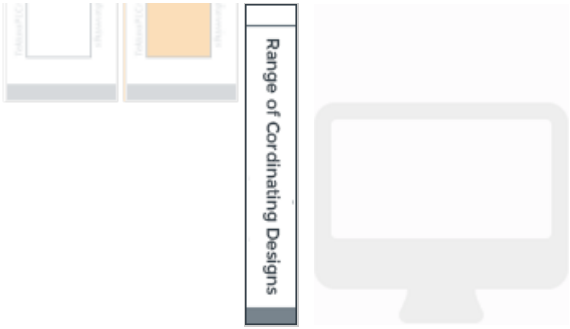

Acoustic Solutions absorb internal and external sound

Zintra Acoustic Solutions is in our Internet Exclusive binder

influences reducing the noise level in a room. People feel more comfortable in the environment, being able to converse freely, experience better speech intelligibility and don't have to fight to be heard. Zintra^{R} by Tektura offers all these benefits in a range of colours, timber effects and applications to suit your project.

Made with 60% recycled post consumer PET, we offer 4 timber effects and 24 colours in 12mm thickness, and a further 5 in 3mm. *Click here to discover all the standard product types and design options available.* Please enquire if you need a bespoke, custom-made design.
